Eau Claire Fire & Rescue

News Media Report

Narrative:

The Eau Claire Fire and Rescue was dispatched to a chemical spill at Sacred Heart Hospital Lab. The lab is located on the first floor and was evacuated on our arrival. Our first officer on scene quickly evaluated the situation and made contact with lab staff. The staff stated they have a small spill of chloroform.

After initial metering of the product fire crews and lab staff collaborated on damage assessment and clean-up. All spilled product was neutralized and clean-up and the lab was returned to staff.

Officer: Battalion Chief Dave Okas
Eau Claire Fire Department
